Application

about assessment parameters of construction product

No. .....

(filled in by the Approved / Notified Body)

Applicant / manufacturer requires about: *(it marks by mark)*

- ☐ **certification of constancy of product – system 1+ (I+), 1 (I)**
- ☐ **certification of conformity of production control system – system 2+ (II+)**
- ☐ **specification of product type – system 3 (III)**
- ☐ **technical assistance at assessment of product parameters – system 4 (IV)**

pursuant to provisions:

☐ **Act. No. 133/2013 Coll.** on construction products and amendments of certain acts (hereinafter „Act“)

1. **Applicant:**

   Company name *(according register at company register, trade certificate)*

   Address *(street, community, P.O.Box – including address for service)*

   IBAN: VAT reg. No.: SWIFT:

   Representative for subject act: *(name, position, phone, fax, e-mail)*

   Authorised person: *(name, position, phone, fax, e-mail)*

   Bank connection: seat bank: IBAN:
   seat account: BIC/SWIFT:

2. **Producer:** *(fill, if applicant is not hereby manufacturer)*

   Company name *(according register at company register, trade certificate)*

   Address *(street,community, P.O.Box – including address for service)*

   IBAN: VAT reg. No.: SWIFT:

   Representative for subject act: *(name, position, phone, fax, e-mail)*

   Authorised person: *(name, position, phone, fax, e-mail)*

   Place (s) of manufacture *(name of manufacturing plant, street, city, state)*:

3. Product

Generic name, trade name:

Type (s) *(detailed identification of all the types and variants of the product according to a valid standard, a corporate documentation or a catalogue, that are produced by the same technology):*

The product of this type and kind is manufactured in ..... designs (variants)
Type brands of all kinds of the product included in the type tested:

Technical specification *(where are referred declared properties of the product)*:

The marking of group product by addition No. 1 regulation MDVRR SR No. 162/2013 Coll. as amended later regulations:

Purpose and method of using product in building, method of his permanent and fixed installation to building, relevant limit of his using:

Additional information about the product *(if applicable)*

Class of reaction to fire:
(according toEN 13501-1)

Class of fire characteristics of roofs / of sliding roofs by subjected external fire, while is it relevant to:
(according EN 13501-5)

In production are used substances for reduction of flammability: ☐ **yes** ☐ **no**

4. The product is available to take over for assessment of parameters since:

5. Was already on construction product issued assessment of parameters

under regulation or act (or documented conformity under Act No. 90/1998 Coll. as amended later regulations)**?**

☐ **yes** *(specify No. certificate or other document):*

☐ **yes, I apply about extention stated** *(specify No. certificate or other document):*

☐ **no**

6. Enclose auxiliary documents to Application

Information on the product
- *detailed technical description and drawings, data sheets, structural analysis;*
- *data on intended use;*
- *list of other technical specifications and instructions valid for product and production;*
- *brief description of production process;*
- *copies of reports of performed tests in other testing laboratories, issued of certificates, reports from audit of quality or reports about performed inspection above control system of production.* *Annex No.....*

Copy of actual Abstract of the Companies Register or Trade Certificate Annex No.....

In the case, that Application present representative of manufacturer (according point 2 of Application) original or authenticated copy **of agreement if you like authorization of manufacturer for applicant** with intorducing of range representation Annex No.....

7. Declaration of the applicant / manufacturer

The product is developmentally completed and data contained in this application, the documentation and other data are complete and represent the state of the product at the date of this application.

Applicant / manufacturer present, that he have not applied same application for product reffered in the Art. 3 other Approved / Notified Body, if you like The application was not accepted.

(Untrueness of this declaration is disciplinable according the Act.)

8. Other requirements for the applicant / manufacturer

To deliver documents needed to assess the performance of the product in Slovak language (unless otherwise agreed).
